

Hocheffiziente / Highly effectient
 Serie HER LED LENS 50 3 Lens + 4 Lens + 7 Lens

LES 3

Technische Beschreibung / Technical Description

Geprägte LED-Reflektoren aus hoch reflexionsverstärktem und farbenfreiem Materialen. Wirkungsgrad mind. von 96% (Embossed LED downlight reflectors made from highly effectient and colorfree super pure material. Efficiency at least of 96%)

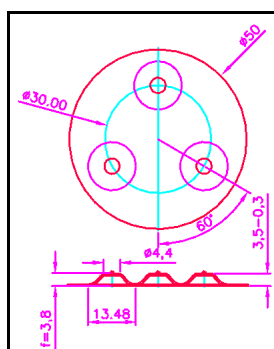

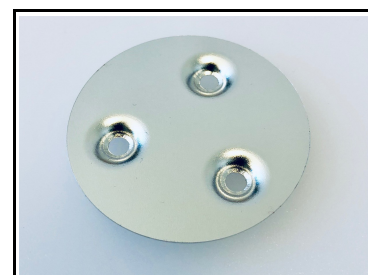

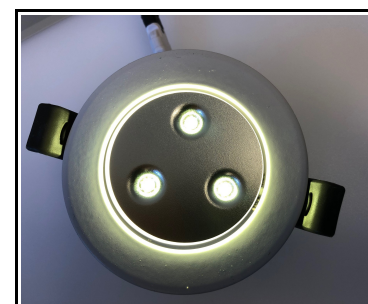

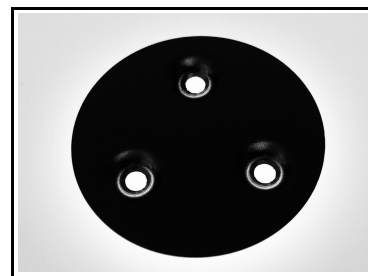

Perfekte Entblendet kein Streulicht oberhalb des Cut Off .(Highest variability in shape and design of the basic materials. Perfect glare-free no stray light above the cut-off)

Optimal abgestimmt auf LED bis LES 3,0 (z.B Luxeon 3535L) (Optimally tuned to LEDs with LES up to 3.0 (eg Luxeon 3535L)

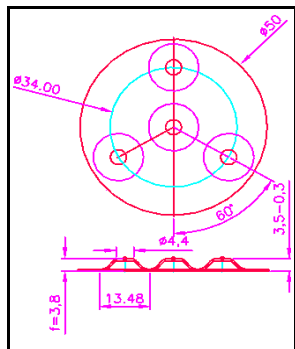

Höchste Variabilität in Form und Ausführung bei den Grundmaßen. Ob Rund, Rechteck oder Dreieck. Produzieren ohne zusätzliche Werkzeugkosten. (Maximum variability in shape and design in the basic dimensions. Whether round, rectangle or triangle. Produce without additional tooling costs)

Homogene Lichtabbildung nahezu ohne Farberscheinungen und ohne Schattenbildungen (Homogeneous light with almost no color appearance and no multiple shadowing effect)

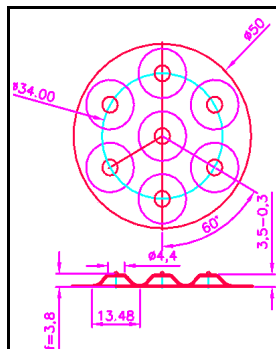

Geeignet für eine Vielzahl von Anwendungen zur Allgemeinbeleuchtung (Ideally suited for many general lighting applications)
